

# 2010 User Conference

With the University of California, San Francisco

*October 25 & 26, 2010*

*RSVP by June 2nd*

TeleResults, in cooperation with UCSF, is pleased to announce the 3rd annual User Conference, set to take place on Monday and Tuesday, October 25th and 26th, in San Francisco.

TeleResults will be presenting the latest features and newest improvements to the TeleResults application suite, as well as providing a platform for users to discuss best practices and suggest further improvements to the application. TeleResults will also be introducing TR Pulse, the latest application added to the TeleResults suite of software, providing access to the TeleResults database via web-enabled mobile phones.
